

Evasive Driving

Part of the secret agents training is to learn how to evade capture while driving

This is genuine evasive driving instruction and anti-ambush drills were you'll be shown how to manoeuvre and control the car 'Spy Games' style. You're behind the wheel carrying out J-turns, reversing quickly and spinning the car through 180 degrees and then speeding away. You will also learn how to carry out the perfect handbrake turn, to drive through a slalom course without hitting the cones and then how to do it going backwards – definitely a day for you to wear out lots of tyres!

Then there's the drive-in shooting range - skid to a halt, shoot the targets from the car and then speed off again against the clock. A definite must for the adrenaline junkie and definitely not for those who have a weaker stomach.

As well as thrilling activities and an exciting day out, there will be the opportunity for everyone to work in small teams allowing them to observe and learn from people within their own group. This will enhance professional performance and foster skills that can be transferred to the working environment, such as:

Communication Skills
Personal Boundary Extension
Confidence Building
Trust
Team Work
