

Hostage Rescue

Your 'Special Forces' team has a mission to rescue hostages held by a terrorist group...

Having been issued with your Special Forces outfit, you will learn how to handle replica weapons under the control of the expert instructors in room entry and operations in urban areas. Your team will then be given the mission of rescuing hostages held by a terrorist group, which you must plan, practice and then implement with a vehicle insertion.

All the staff are experienced instructors on corporate events, and there'll be an ex-SAS advisor with some top tips, so you can be sure that you will have a fun and exciting day in a safe environment.

Optional Extra: Infiltration by helicopter. The game can culminate with an adrenaline fuelled helicopter insertion to the enemy base, where you must maintain the momentum with a ruthlessly efficient rescue operation to release the hostages unscathed!

With problem solving, some active tasks, and unusual skills you have never tried before, the session is great for bringing people together.

This 'Spy Experience' is especially relevant to assist the team in improving; **communication, problem solving, time management, team spirit and leadership.**

Please contact the team at Experience More for further information and to secure a booking.
