

London-Opoly Challenge

Monopoly - but with a twist

The best selling board game in the world comes to life in this full-on, full day version where **you** become the property baron. No longer are you sitting in a room playing the board game but speeding your way around the London streets accumulating the cash, outwitting the other teams and gambling your investments. London will never have seen anything like it. You will need all your cunning and strategy skills to work out a plan that will get you round the board in time and beat your rival teams. The more properties you collect; the more cash you make.

See the London sights on your way, although there's no time to lose as the opposition will be hot on your heels, only time to catch some food on the hop. Racing against the Monopoly clock, you'll need to work together as a team, adjusting your plans, changing your strategy but always keeping one step ahead. To get you round the 'board' you will have unlimited use of the underground and bus network. Chance and Community Chest challenges will be posed throughout the day. Complete the tasks when passing 'go' and you will boost your Monopoly bank balance, but you risk heavy losses and super tax fines if you don't keep up with the clock!

There can only be one winner and that is the team that has got the most cash.

As well as thrilling activities and an exciting day out, there will be the opportunity for everyone to work in small teams allowing them to observe and learn from people within their own group. This will enhance professional performance and foster skills that can be transferred to the working environment, such as: **communication skills, time and resource management, leadership and delegation, problem solving and team work**
